Curriculum Vitae

WORK EXPERIENCE

JANUARY 2011 – MAY 2011

Undergraduate Researcher

NASA AMES RESEARCH CENTER

Created an Automatic KML Tour Generator and KML Tour Editor using Django, Python, SQL, and Javascript. Media import tool pulls from several different sources and loads all data into a database. Project generated a whole new set of data products for the Maps team.

AUGUST 2010 – DECEMBER 2010

Academic Engagement and IT Governance

WESTERN CAROLINA UNIVERSITY

Resolved IT issues involving several topics from networking to software configuration. Also taught several workshops on web development.

JUNE 2010 – AUGUST 2010

Undergraduate Researcher

NASA LANGLEY RESEARCH CENTER

Worked on several tools for mass properties evaluation which culminated in the design a mass properties API. Also worked with an 8 person team to design and evaluate a series of tests on a flotation concept. If implemented project could save millions of dollars. Findings were published to NASA's main webpage, AIAA newsletter, and several other notable websites.

AUGUST 2009 – JUNE 2010

Lab Admin and Teaching Assistant
